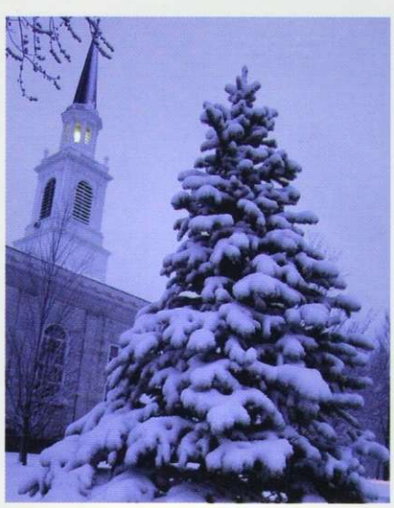
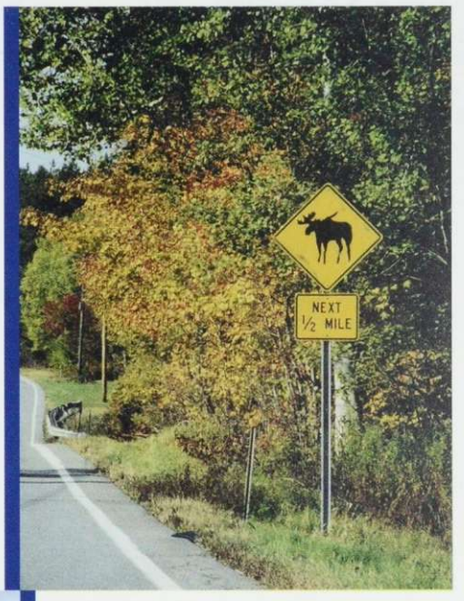
After a mild winter this year we were met with a particularly late spring that brought snow showers and cold weather all the way through the end of April.

Whether we started off as far away as Taiwan or as close as Rutland, Vermont, we all chose to join our hearts and minds here in **Vermont**. Home of Ben and Jerry's, pure maple syrup and some of the most beautiful fall foliage in the world, the Green Mountain State quickly drew our hearts and minds into its beautiful landscape. For four amazing years of our lives the air was just a little bit crisper, the colors seemed brighter and the pace of life slowly drew us in with a warmth that felt like **coming home**.



Although there was less snow than usual this winter, when it did come it left campus beautifully covered by its familiar white blanket.

Life in Vermont

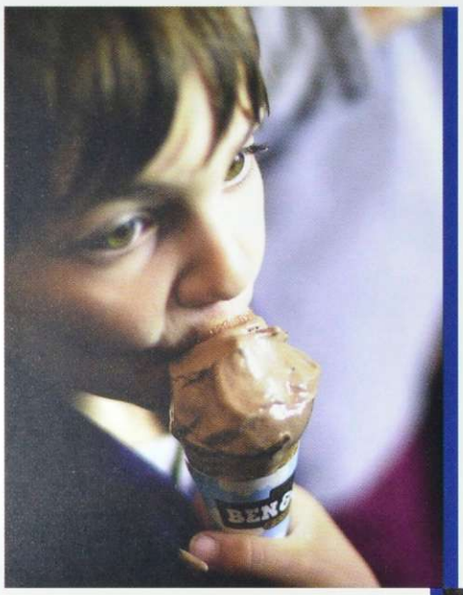


Warnings such as this "moose crossing" sign remind drivers of the wildlife surrounding them when traversing the Middlebury gap and other mountain roads.

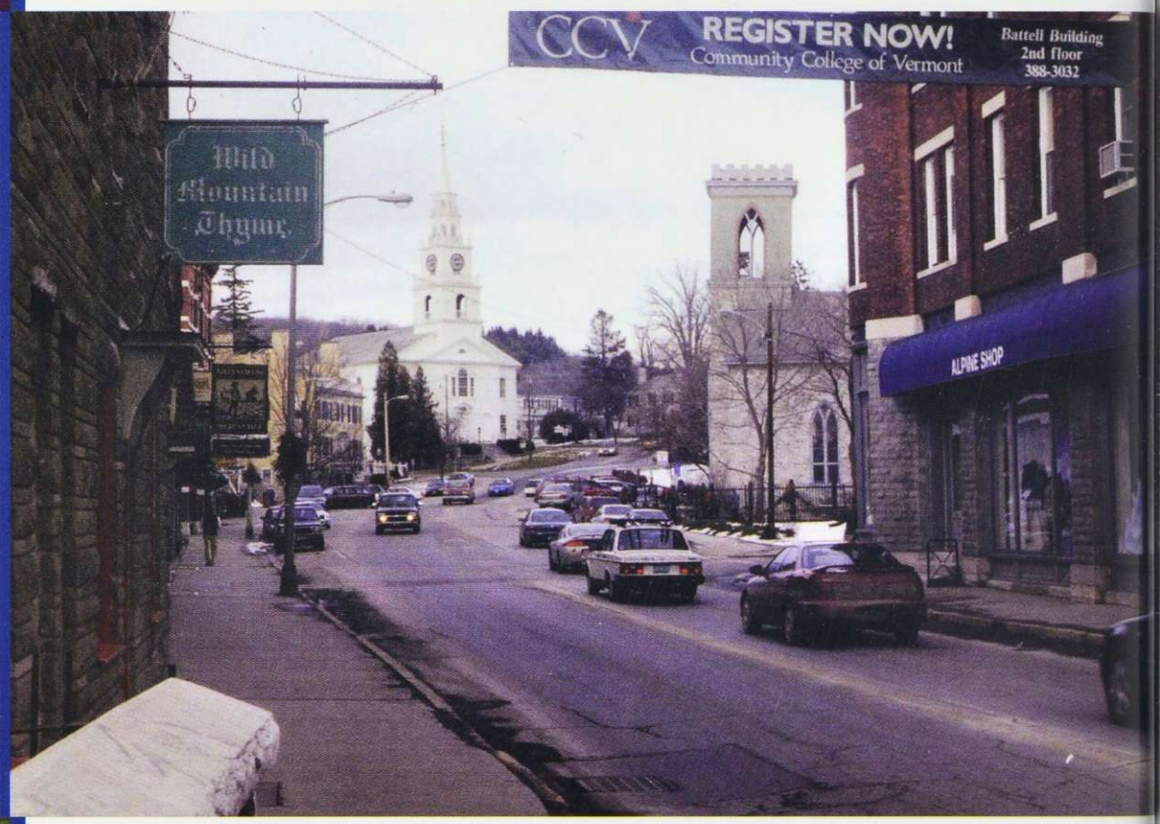
A beautiful day, the backdrop of the Vermont scenery and a few Adirondack chairs are all that Lauren Austin '02, Laura Libby '02 and their friends need to enjoy some of what the state has to offer.

On this winter morning, the bluster of an early snow leaves Munroe Hall looking bleak and the thought of walking to an early morning class looking even bleaker.

The Town of Middlebury



Kids and college students alike take advantage of the annual Free Cone Day downtown at Ben & Jerry's.



With its bridge that crosses Otter Creek, the main street of Middlebury is home to many of the shops that students regularly visit, such as Forth & Goal, Ben Franklin or the Glass Bead Game.

Each year, children from Middlebury's skating program and Middlebury College students team up and lace up their skates for the winter carnival ice show.

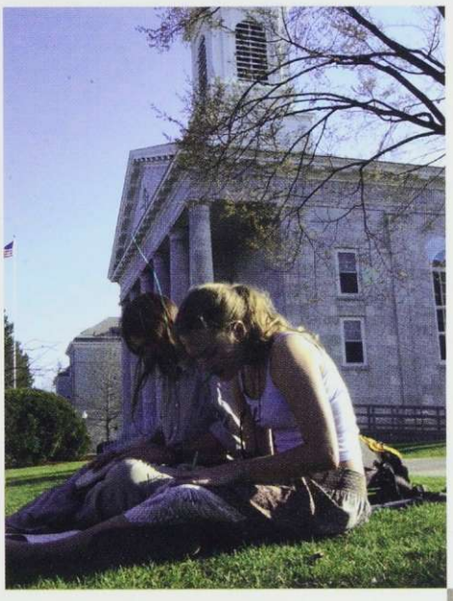
College students and children from town get to know one another through the Community Friends Program. Here Laura Bloom '02 bonds with her community friend, twelve-year-old Maria Bedell.

The college and the town share with one another a sense of **community**. There is a long history of dedication on both parts. Many Middlebury residents work on campus in the dining halls, in campus offices and as professors. They visit our exhibits, join us for symposia, and are hands down the most loyal fans at our sporting events. For students, town is a chance to briefly step away from campus for a stop downstairs at Angela's for karaoke, a quick breakfast at Steve's, or an hour or two to mentor at Middlebury Union High School. For four years students are taken in as a part of this community as members of a Middlebury **family**.

Started by two Midd alums, Neil & Otto's is popular among students for its late-night deliveries of pizza sticks and mutant crust pizzas.

ARMSTRONG LIBRARY

Studying and Academics



When the thermometer starts to rise in the Spring students head for the lawns of the college to appreciate the warming weather, even when there's work work to be done.

The Crazy Creek chair, with its unmistakable balancing-act appearance, becomes a staple item for students looking for a more relaxed studying atmosphere.

Middlebury students are generally known for their "work hard, play hard" mentality. In keeping with the first half of this motto, Sunday through Wednesday nights are usually dedicated to the honorable pursuit of getting stuff done. Whether it's in BiHall, Starr, The Grille or the local dorm room, there are **books** to be read and **papers** to be written. While students generally get work done ahead of time, no Middlebury student's career would be complete without the occasional all-nighter, which students are normally forced to succumb to in a binge of exam studying. In the midst of the college's academic stimulation, **studying** is a huge responsibility, but ultimately we learn because we love to.

Two years after its completeion Bicentennial Hall has proven that it is not just for the sciences. Students from all departments study (and power nap) in the comfort of the blue and red armchairs of the Great Hall.

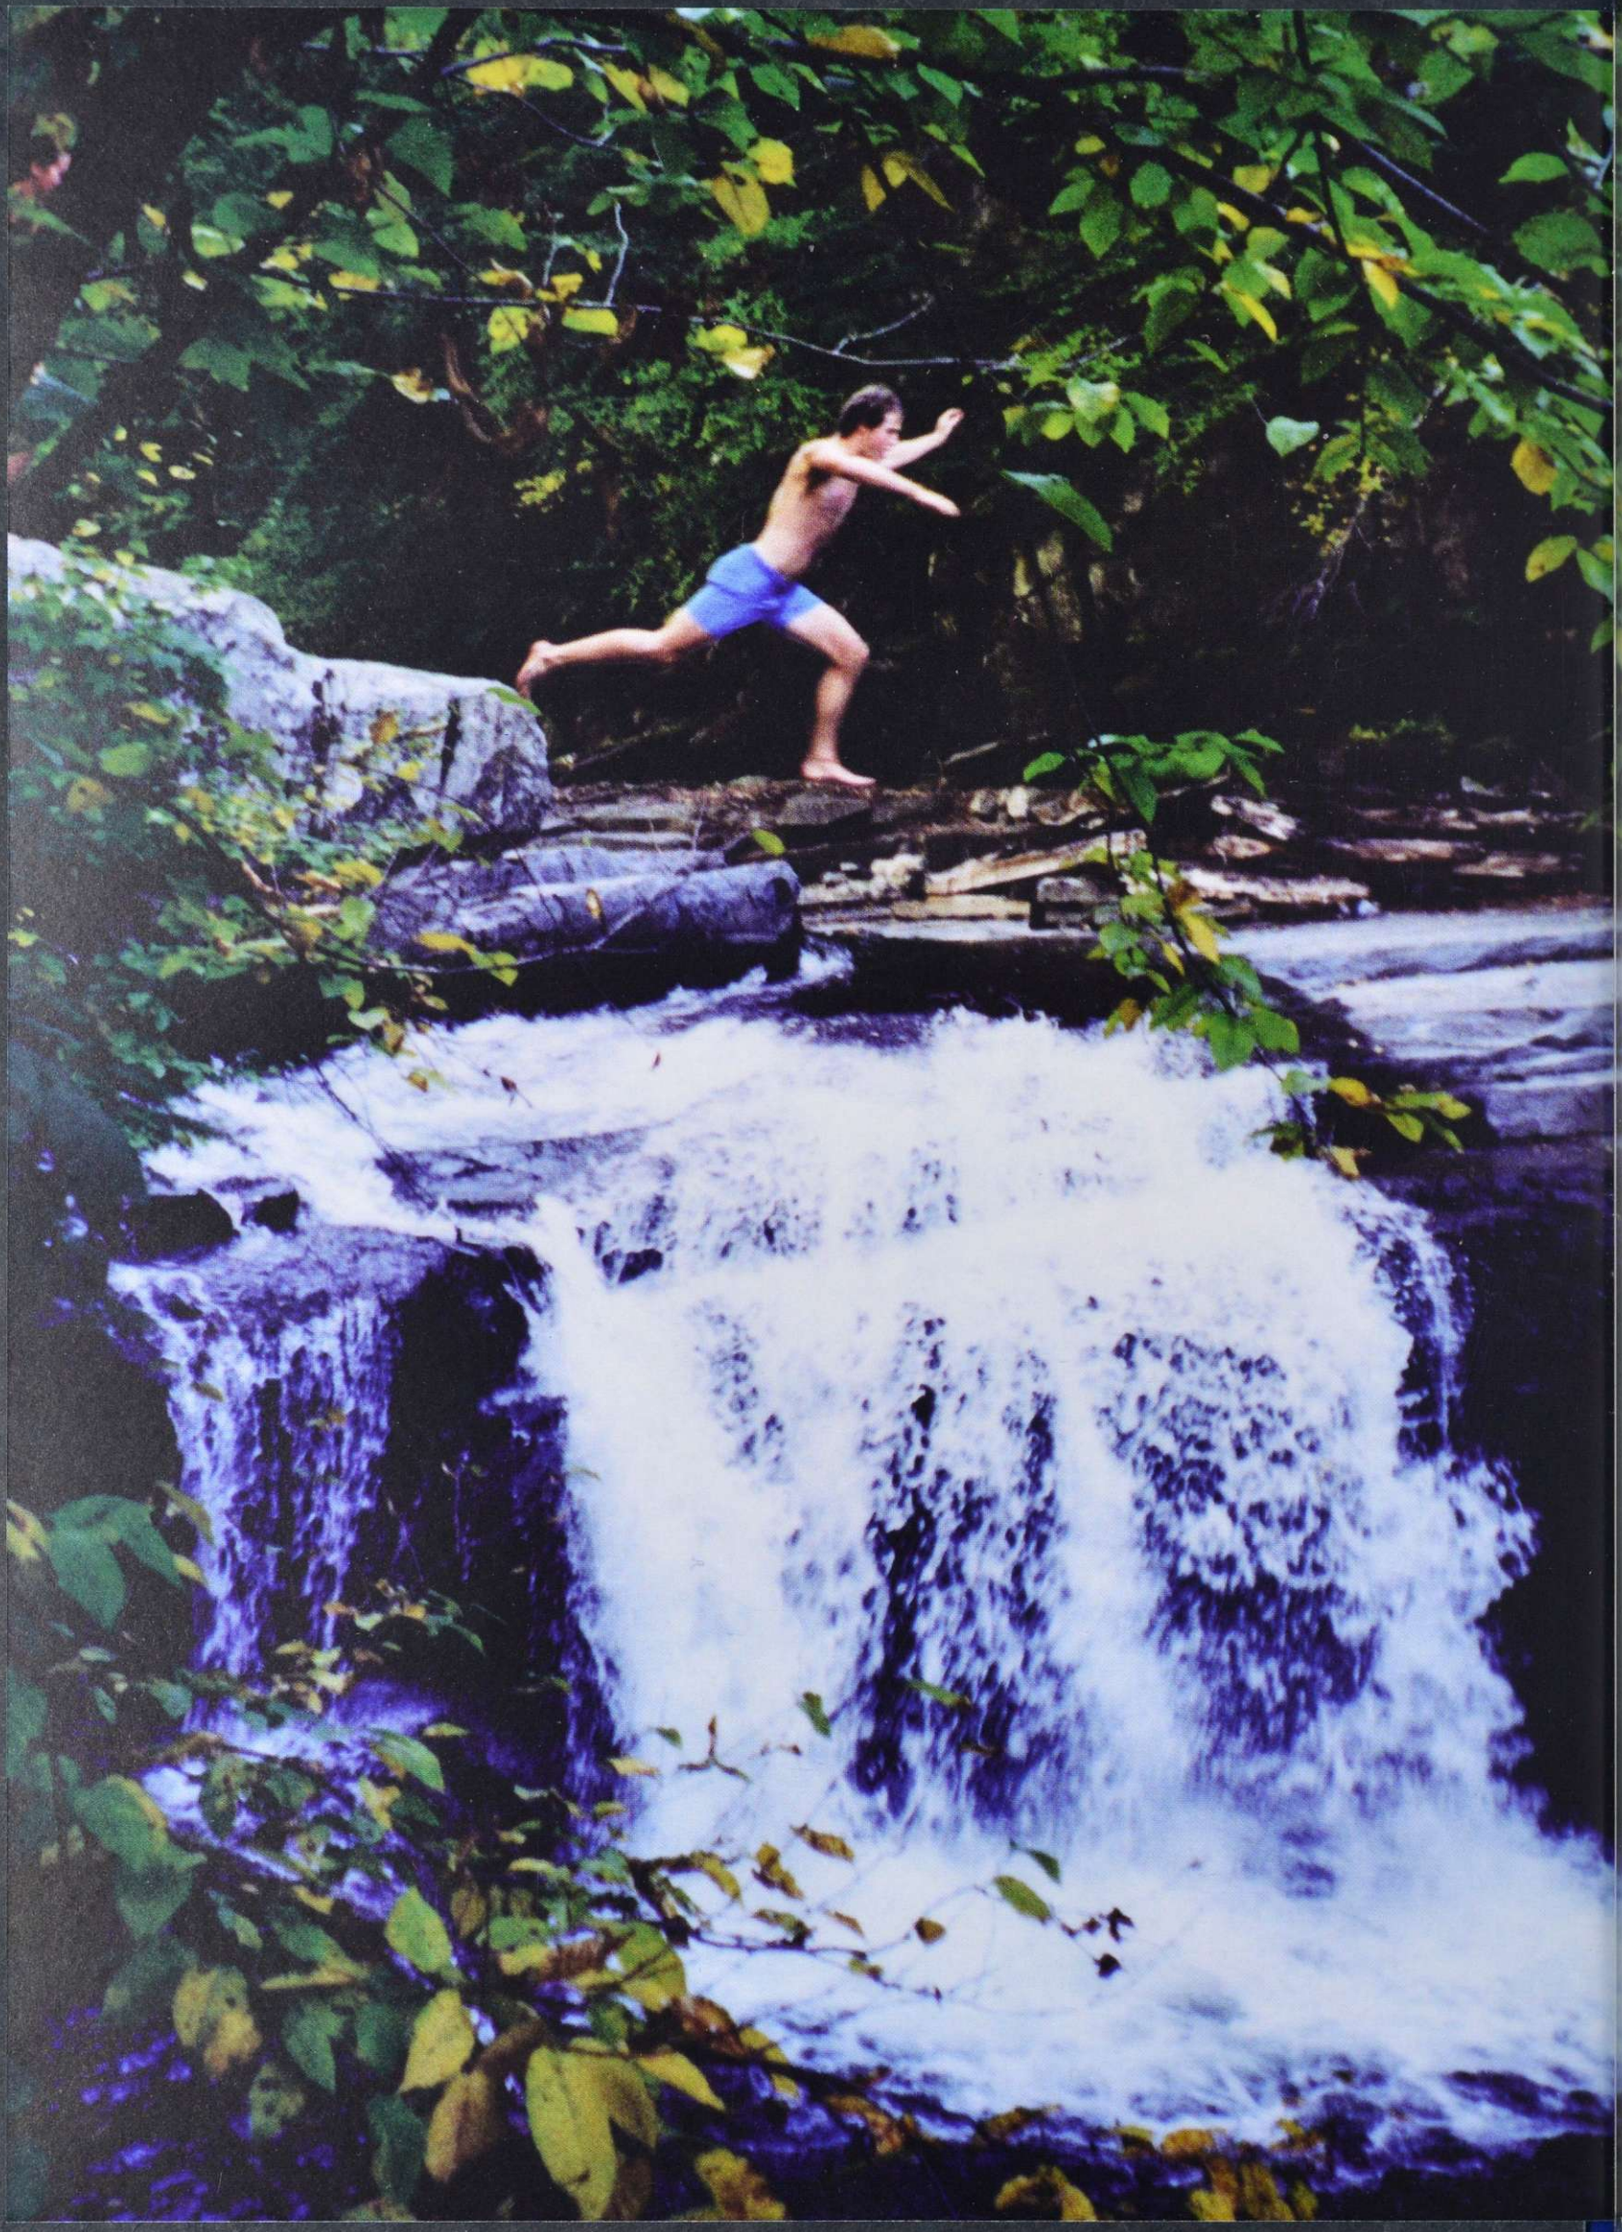
Weekend Social Life

Members of ADP relieve the stress of the week of academics with a dip in a hot tub on their patio.

Formal events like the annual Tender is the Night Ball give students the opportunity to show off black-tie style for a night.

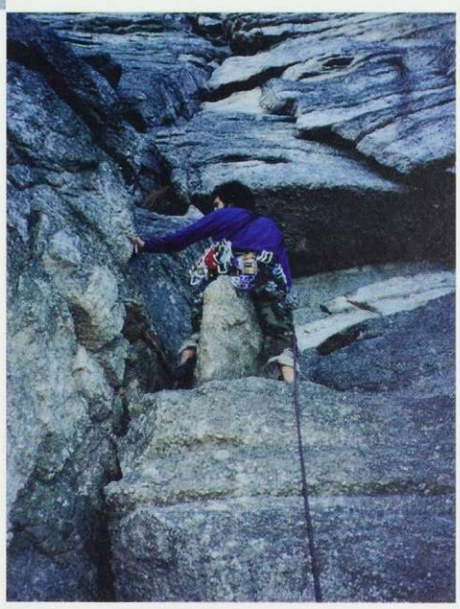
Together we fell effortlessly into friendships. Whether we met through sports, through class or were simply put on the same hall our freshman year, we come together to share the best of what college has to offer. The lazy Saturday morning after a great Friday night, a slow barbeque on a Sunday afternoon, a ritual meal-time reunion with friends—that's what **memories** are made of. Our social time is coveted and cherished, an excuse to dress up or dress down, to let go of our cares and enjoy each other in celebration of the experience of being together.

Student bands, like Skama Sutra pictured here, offer concerts in the Grille, the Gamut Room, McCullough and Pearsons to entertain and impress their fellow students.



Adventuring Outdoors

Given a warm day and a body of water, Middkids like Piper Platte '02 are up for just about anything.



The new climbing wall is great, but Mike Cretella '02 tests his rock-climbing skills on the real thing.

Some might call us "outdoorsy" or "crunchy", but we just like to play. At Middlebury we are dually blessed—not only do we have some of the most nature-loving and **adventurous** students, but Mother Nature has provided us with a unique playground that suits our **wild spirits**. Skiing, hiking, running, biking, and even swimming with the "Polar Bears"—while some would say it's too cold, too wet, or too difficult, we say "Bring it on!", and in nature we find both our **inspiration** and our refuge.

articipating in the olar Bear Club is ot for the weak of eart, but it poses o problem for ren Frey, shown ere jumping into ristol Falls uring the Polar ear Marathon.

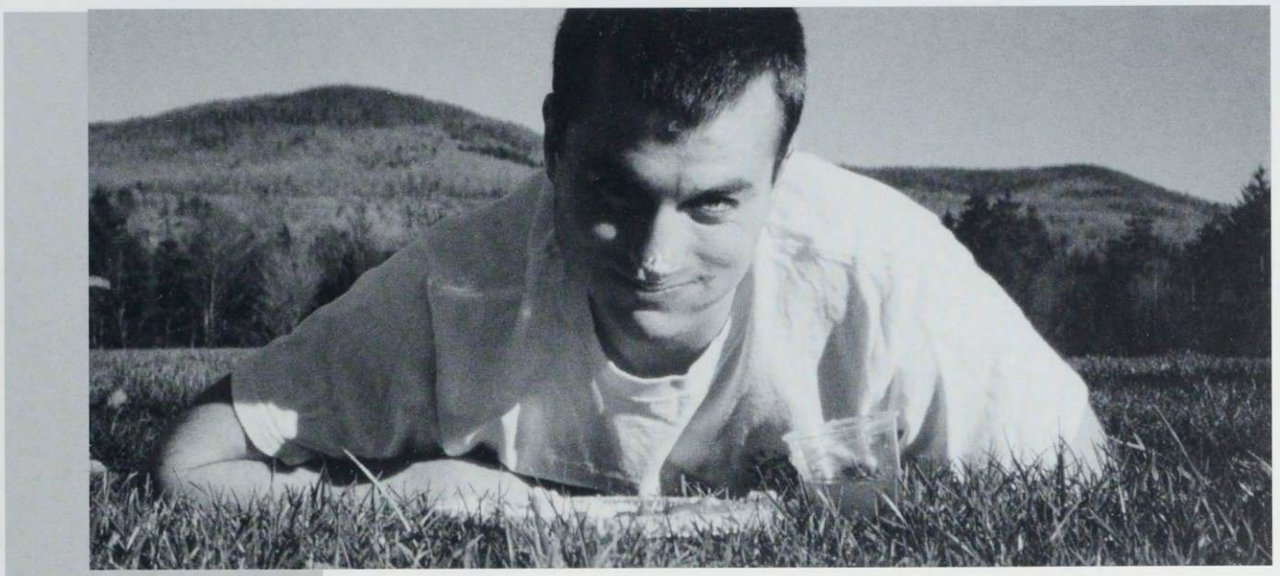
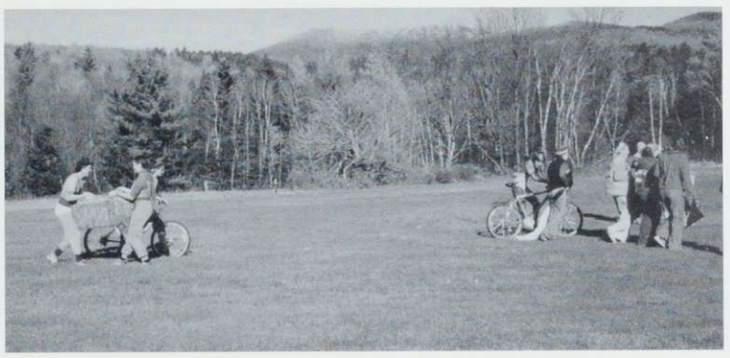
In May 2002 the founding members of Sauce will graduate.

MASO Harvest Moon Festival



During a sunny homecoming weekend, the MMC held its biggest and best social event of the year, the Pumpkin Tumble. Complete with the traditional relay race of running, biking and haybale carrying (*right*) as well as a pumpkin eating contest (*above*) and contradance in the Breadloaf barn, Middkids enjoyed a well-deserved break off-campus and a chance to dress in their craziest outfits (*below*).



This fall, the Mountain Club Officer Board (*above*) started off the year balancing on a giant see saw and climbing over a fifteen foot wall at their first annual Ropes Course bonding day. The Pine Ridge Adventure Center proved to be a great location for the new officer board to work on communication, trust, motivation skills and above all else, enjoy laughing a lot and getting to know each other in an outdoor setting.

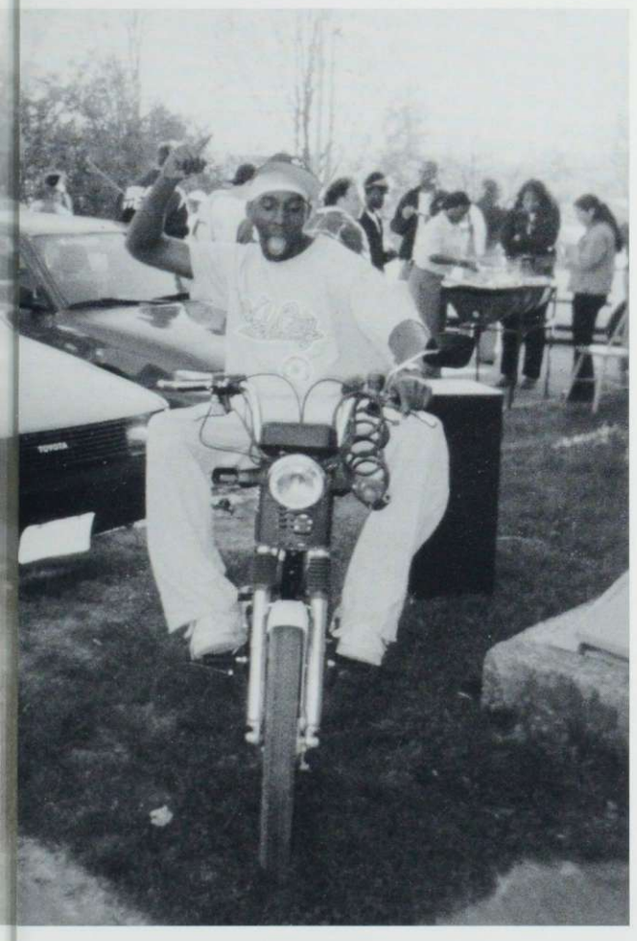
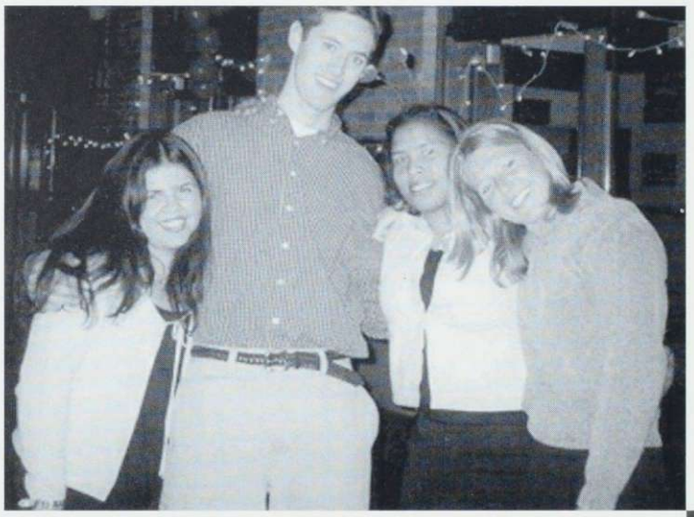
Homecoming



While the football team was busy beating Trinity 14-7 at the homecoming game, alums and Midd students alike cheered on the team and enjoyed the weather with barbeques and tailgates. In a memorable moment of the weekend, Rodney DeGray (*right*) celebrated his upcoming retirement from Middlebury after many years of service by making the coin toss at the beginning of the game with a commemorative coin made specially for the occasion.

While friends enjoy a tailgate, Tony McKinley '02 speeds through the parking lot on a mini-bike.

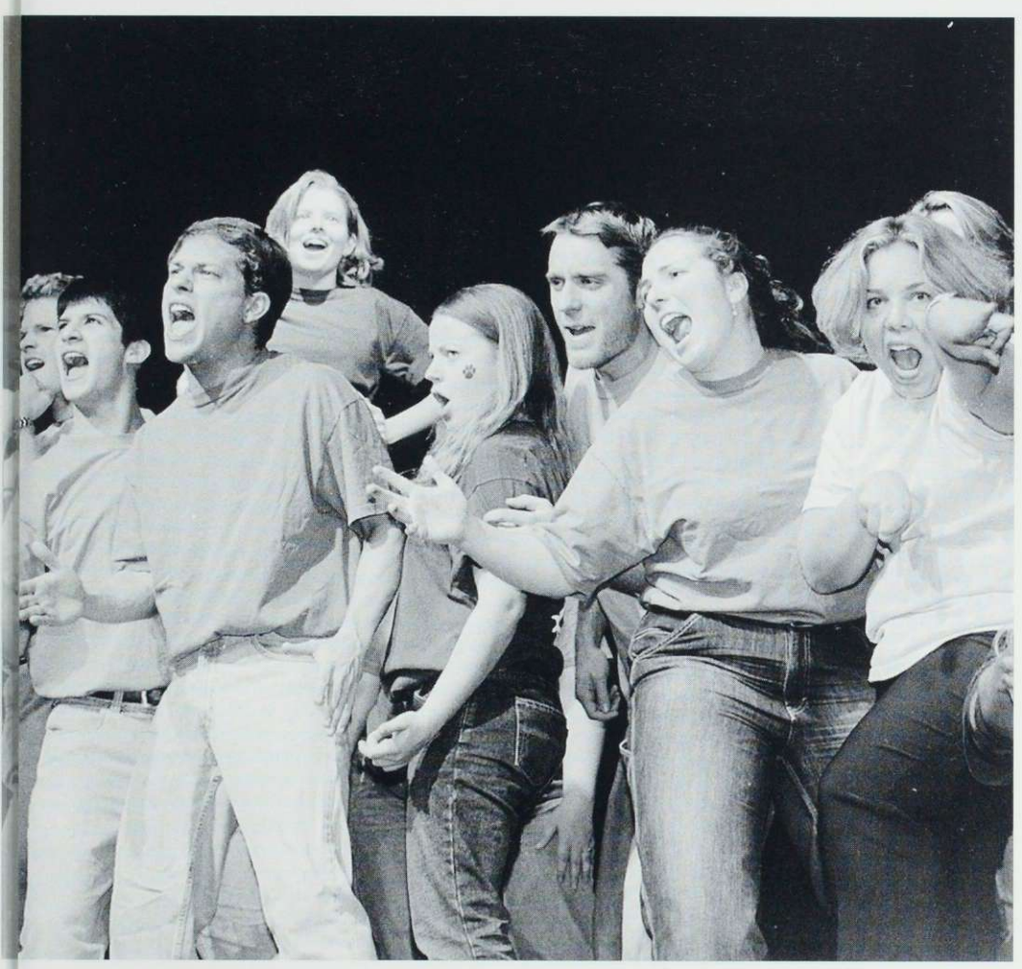
Alianza Latinoamericana y Caribeña



The main goal of the Alianza Latinoamericana y Caribeña is to share knowledge of the Latino culture with the college community. ALC wants to give all students an opportunity to learn more about the Latin American and Caribbean languages, traditions, customs and folklore. In addition, ALC offers Latino Middlebury students social and academic support and, as always, accepts all Middlebury students who have any degree of interest in Latin American and Caribbean studies.

This year ALC brought lectures and films, such as *Selena, La Familia* and *Like Water for Chocolate* to campus and made a trips to New York City and New Hampshire. Socially, ALC had dances (*above*) and dinners (*right*), and hosted parties at the Spanish house to bring a Latin American flair to the social scene at Middlebury.

To offer some quick laughs in the midst of mid-term stress, the group often does a quick study-break show in a dorm, like this one in the Pearsons lounge. (*left*).



The members of the college's improve comedy group, Otter Nonsense leave their audience laughing once again as they sing out the rousing finale to their Fall show in McCullough. (*left*)

Alpha Delta Phi

TheMiddlebury College chapter of the Alpha Delta Phi Society was founded in 1994. ADP is a nationally recognized organization with other chapters at different universities throughout th United States. At Middlebury, the ADP members pride themselves on being energetic, hardworking, fun and providing a good time for all who may pass through the doors of the Prescott House. Because Alpha Delta Phi was originally founded in 1832 as a literary society, members of the Middlebury chapter feel inspired to do more than offer social functions for the campus. Many members are involved in various community service groups, aspects of the student government and a plethora of athletic teams. The Middlebury chapter of Alpha Delta Phi continues to proved a great family for its members and a constant source of entertainment for the entire campus.

Zeta Theta Phi was founded at Middlebury College on February 10, 1994 by Owen Brainered, Linda Murray, Jason Ruiz and Mimi Mather. The four friends felt the need for an environment where close friendships could be built based on respect, support and tolerance of all members and guests of the house. The mission of Zeta Theta Phi is therefore to provide a safe and welcoming environment for the Middlebury community. Our house is supported by these traditions as well as by the house pillars of unity, trust and vision. The bonds made between members create a freindly environment for all who enter Zeta Theta Phi. In 2001-2002 Zeta Theta Phi has made strong efforts to restore the pillars that have guided the house since 1994. Because of the dedication and enthusiasm of our members, we have been able to continue our tradition of hosting and sponsoring fun academic, social and community events for the entire Middlebury population.

Xenia

Xenia, Middlebury College's substance-free social house, was officially founded in the Spring of 1998. Bowker house became the first home of the organization in the Fall of 2000. From its very beginnings, Xenia has worked to broaden the social options on campus by providing students with a consistently substance free space, and by hosting substance-free dinners, parties, and other events.

Serving to bridge the campus with the greater community, the Community Friends program continues to match college students with children (aged 6-12) from Addison County. In addition, some of the volunteers commit their time to the elderly, adults with developmental disabilities and individuals with mental illnesses. For more than 30 years, the consistent individual support and attention that the volunteers offer their community friends has earned local and national recognition.

Coordinators have planned a variety of program-wide events to supplement the one-on-one activities planned by the volunteers. The annual Halloween, Holiday and Valentine's Day parties always offer an opportunity to further develop the friendships formed between college students and their community friends. Links with community businesses and organizations have been established to strengthen the overall sense that we can improve the quality of life throughout the county.

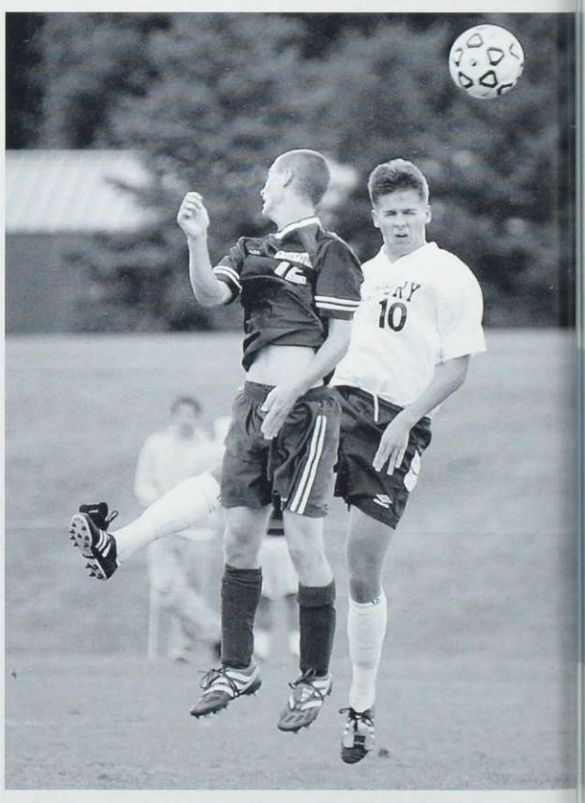
Men's Soccer

Every fourth season the soccer team travels overseas for pre season training. For the pre-season of the 2001 season the Panthers spent two weeks in England. The team stayed in Winchester and traveled through southern England playing in six matches against English club teams. They enjoyed the culture by taking in professional soccer matches, visiting historic landmarks and traveling to area cities. The team agreed on London as the favorite city they visited during the trip.

The 2001 season marked David Saward's 17th year as head coach, while Josh Shapiro replaced Seamus Riley as the assistant coach. The tri-captains were Brian Hamm, Brian Lavin, and Nelson Martelle.

During the 2000 season, the men beat soccer rival Williams College to win the NESCAC Tournament and proceeded to host the NCAA Regional Tournament, a first in the program's history – the men had a lot to live up to for the 2001 season.

Finishing with an overall record of 9-6-2, the men experienced a season of ups and downs. The Panthers lost two of their first three games and had a mediocre mid-season before they found their groove and won four of their last five games. Highlighting the season was the team's upset over Williams in the final game of the regular season. At the time of the Middlebury win, the Williams team was undefeated and ranked first in the country. Unfortunately, the Panthers could not pull off that feat a second time as they lost to the Williams Ephs in the finals of the NESCAC Tournament. Middlebury finished the NESCAC regular season with a record of 6-1-2.

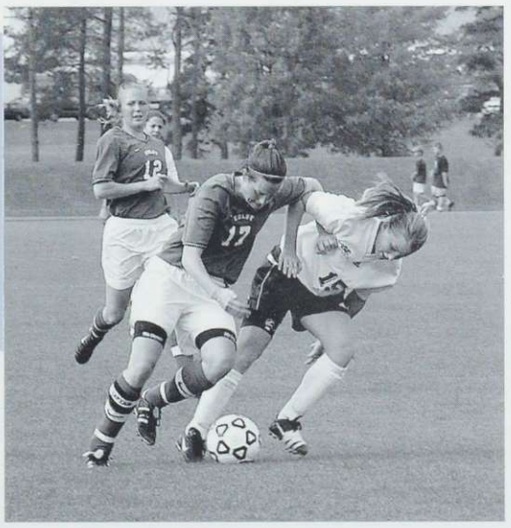


Women's Soccer

After returning from a team trip to Europe, the Panthers quickly jumped to a 4-1 record to start the 2001 season. Coached by Diane Boettcher and Amy Leibowitz and led by senior captains Ellie Wendell and Ali Connolly the Women's Soccer team returned to Vermont with a high level of training and some international matches under their belt, and the team set high goals for the season, which would be marked by the team's work ethic and cohesiveness.

Anchored by a senior defense, the Panthers conquered Bowdoin for the first time since 1997. Other memorable victories include a come from behind victory at Keene State, a last minute win over Amherst and two victories over Trinity in a 24-hour period, including an overtime victory to advance the Panthers to the NESCAC semifinals. The season came to an abrupt end after a loss to Amherst in the NESCAC semifinals. Although disappointed, the Panthers, who ended the regular season ranked #2 in NESCAC and #9 in New England, had a great deal to be proud of throughout the season.

The team won their fifth straight NSCAA Team Academic Award for a 3.36 GPA. Five players were named all-NESCAC, three all-New England, one Academic All-NESCAC and one all-American. Meg Bonney became the all-time leading goal and point scorer, and Leah Cumsky-Whitlock finished #2 in NESCAC scoring and became Middlebury's all-time assist leader. The Panthers will miss the seven graduating seniors, a group that includes Caitlin Ryan and her amazing field vision and all-NESCAC midfielder Haley Holmer. On defense, the team will graduate the key to their short passing game, Suzanne Caruso, along with gutsy defenders, Wendy Miner and Sarah Knoebel. Also graduating are Ali Connolly, a goalkeeper among the top statistical leaders in the history of the program, and Middlebury Women Soccer's only two-time all-American, Ellie Wendell.



Field Hockey

Under the instruction of new head coach Katherine DeLorenzo, the 2001 Field Hockey team experienced a strong season finishing with a record of 10-5. The Panthers traveled to Holland in August to work on their turf skills with Dutch coaches and also to begin coming together as a team. This extra practice undoubtedly paid off as the team finished the regular season ranked first in NESCAC with a league record of 8-1. Led by captains, Billie Goldman, Anna Hastings, and Julia Bergofsky, the field hockey team worked with a new system of play that drastically increased their offensive production. This attacking frenzy was evident by the 41 goals the team tallied for the season. Season highlights included overtime victories against tough NESCAC rivals Tufts University and Colby College. The overtime win against Colby ensured the panthers the top spot in the NESCAC and gave them the opportunity to host the NESCAC tournament. An additional high point of the season was traveling to Bowdoin College and beating the undefeated Polar Bears 4-1 on their own turf. Also exciting was a 1-0 victory against rival Amherst College. This win was crucial, as Amherst and Middlebury were tied for the top seed in the conference. The success of the season was truly a result of the hard work and effort on behalf of the entire team and coaching staff. Although the season came to a close at the semifinals of the NESCAC tournament, the team showed the NESCAC league and all of Division III that Middlebury Field Hockey is a force to be reckoned with. For her tremendous performance during the season, Char Glessner was named first-team Regional and National All-American and the 2001 NESCAC Player of the Year. Glessner also received NESCAC Player of the Week honors three times, while Missy Krempa was honored for another week. Becca Brakeley earned Academic All-NESCAC and Second-team Regional All-American. Kate Perine was honored with Second-team All-NESCAC and Bergofsky was a first-team Regional All-American selection.

Men's Tennis

The men's tennis team continued to establish itself in the NESCAC under the direction of Coach Dave Schwarz during the 2001 Fall season. Coach Schwarz came to Middlebury part-time in the Spring of 2001 from Cornell University and took over as the full-time head coach in the Fall of 2001. He brought a wealth of knowledge and enthusiasm to each and every practice and his ability to build the program through recruiting talented young players was phenomenal.

The fall season was comprised of a number of major tournaments and the Middlebury Invitational was the first tournament of the season. Freshman Alex "Iceman" Meditz showed his stone cold approach as he dominated all of his opponents to begin the year with victory at the Middlebury Tournament. This domination by the freshman continued at the ECAC tournament at Vassar College and at the Rolex tournament at MIT. Meditz once again showed that his steady play brought results as he handily won his draws in these matches. While many team members had notable performances, freshman Justin Ingoglia proved unbeatable at MIT until he encountered NESCAC singles champion Josh Lefkowitz from Williams College.

After a week off following the MIT tournament, the team jumped right into their off-season training in preparation for a much busier Spring schedule. Junior Chris Jennings, sophomore Stu Brown, junior captain Steve Hulce and senior captain Matt Dougherty attended the Harry Hopman tennis academy in Florida for the month of January where they prepared for battle in the Spring.

Although the team was hindered in the fall by the absence of Steve Hulce, who was forced to sit out the entire season as a result of elbow and knee surgery, Hulce appeared to be strong, fit and ready to compete during the spring season. The team, although quite young, finished their fall season with plans to compete atop the NESCAC in the spring with legitimate hopes of being the first men's tennis team at Middlebury to go to nationals.

The Middlebury Women's Tennis Team had an excellent fall 2001 season. With five new freshmen, four sophomores, one junior and four seniors who returned from their junior year abroad, the team stepped up their intensity and played well together throughout the season. Second year coaches, Nate Simms and Karen Johnson, added to the success of the team with their excellent coaching and support. With an extremely challenging schedule against the top teams in the country, Middlebury's team was excited about their final winning record of 4-3 for the fall season. Overall, the team was proud of their national ranking of 22nd in the country. Middlebury's first singles player, Sandy Spring, was ranked 29th in the nation, and she and her doubles partner, Ariella Neville, were ranked 12th in the East.

The first win of the season over Skidmore gave the team the confidence to compete at their highest level for the rest of the season. The girls opened the season with their games in top shape and defeated Skidmore, which has always been one of the highest nationally ranked teams in the division. It was the first Middlebury victory over Skidmore in many years. Although Middlebury suffered tough losses against Bowdoin and Tufts, the women managed to pull out great wins against Colby, Wesleyan, and Bates.

The New England Tournament was a fun weekend for all the players with many successful matches and the team finished in the top ten of the twenty-six teams that participated. Sophmore Libby Meyers was the superstar of the weekend as she made it to the semifinals of the 6th singles flight. Overall, the season came to a close too quickly after a short season of only eight matches. Captain Kyle Wheale claimed, "This team was the strongest I have seen at Middlebury in my four years here. We started off the season strong and really came together as a team to successfully compete against the top teams in the country."

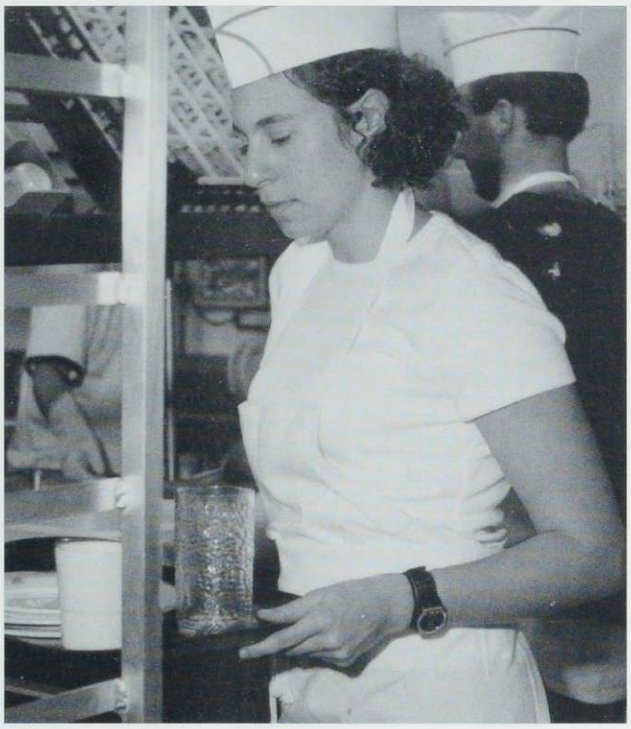
The Dish Project

When a group of students started the Dish Project in J-term, the idea was to draw the college community together, to give a Dining Services employee a paid night off, and to help Middlebury students grasp just how much work goes into the college behind the scenes. Even President McCardell rolled up his sleeves during the first night of the Dish Project (*upper right*) and the project became a success. Individuals and groups from all areas of campus have signed up for a night in the dish room, including social houses, sports teams and student organizations as the project continues.



Yellow bikes (*lower left*) and Weigh Your Waste Night (*below*) are just two ways in which Environmental Quality works to bring an awareness of environmental issues to campus. The yellow bikes, which are open for the taking, offer students an option for a quick and easy ride around campus without using a car. Weigh Your Waste Night, on the other hand, has students dumping their leftovers onto a huge scale in Proctor to keep us aware of how much can be wasted just at dinner and to urge us to cut back.

This winter, the men and women's swimming and diving team saw one of its most exciting seasons in a long time. With sixteen seniors leading the way, along with an extremely strong contingent of freshmen, the team's enthusiasm was coupled with balance, which they proved in the pool.

The women finished the season with a record of 7-3 in season dual meets, losing only to Dartmouth, Williams and Amherst. At NESCAC Championships, hosted by Williams College, they took third place, falling to Williams and Amherst. The season ended with six women participating in NCAA Championships at Miami of Ohio.

The men ended up 6-4 in the dual meet season. Their true accomplishment, however, came at NESCAC Championships at Wesleyan University. For the first time in 35 years, the men upset the Ephs of Williams College, winning the entire meet. Strong performances were seen by all, and, as Coach Solomon described, it was everyone's win. Senior diver Derek Chicarilli earned two firstplace finishes, and was selected as both the NESCAC Diver of the year and Senior High Point Winner. Solomon was honored as NESCAC Swimming Coach of the year, and diving coach Lisa Gibbs was named NESCAC Diving Coach of the year.

On to Nationals, the men brought six swimmers and one diver. Chicarilli was rewarded for an amazing career as he earned NCAA Division III Diver of the Year. Coach Lisa Gibbs was again named NCAA Division III Diving Coach of the Year.

Head Coach Peter Solomon, Diving Coach Lisa Gibbs, and Assistant Coaches Tom Buzzel and Norma Leduc led the Panthers to such outstanding accomplishments. They were extremely pleased with the season's outcome, which far exceeded any other they have seen here.

Alpine and Nordic Skiing

The 2001-2002 Middlebury Alpine and Nordic ski season was one of the best in the history of the program. The Panthers began their long season with intense dryland training in the fall lead by Captains Sarah Brophy and Fred Coriell. Once the snow began to fly, the Panthers were skiing as much as possible at Killington, but things really got rolling with the team's Christmas camp in Vail, Colorado. Upon returning to the East Coast, the season was in full swing.

Over the course of the 2001-2002 season, the Alpine Ski Team had some great results. With contributions from veterans such as Tyler Conrad, Fred Coriell, Fred Emich, Chad McConathy, Sarah Brophy, Nina Porcelli, Laura Scripture and Brie Pike-Sprenger as well as from first years Jess Smith, Leah Davison, John Rusten, Jimmy Cochran, Derrick Shields and Peter Phillips, the Panthers were a force to be reckoned with on the slopes. The team members enjoyed numerous individual wins throughout the season. One of the most notable accomplishments occured when the women won the Middlebury Carnival. In doing so, the women beat the University of Vermont for the first time in the recent past.

The 2002-2003, promises to be another great year for the Panthers. Even though the team will lose seniors Fred Coriell, Tyler Conrad, Kelly Lauter, and Sarah Brophy, the team has a wealth of talented skiiers, who will be ready to compete in 2002-2003.

Women's Squash

Co-captains Sarah Herrup and Ellie Toan were very pleased with the 2001-2002 squash season. The season began strong with the help of the two junior players, Lisa Pilkington and Eliza Funston, and with the addition of first years Holly Haertel, Beth Seeley, and Lauren Smith. At the Weslyan Invitational in December the team was able to beat both St. Lawrence and William Smith, while being defeated by Bates, a team which proved to be one of the year's toughest competitors. The two juniors who played high on the ladder then went abroad and the team faced increased challenge for the rest of the season.

The 2001-2002 season was also one of the busiest with twenty-one matches. The Panthers finished with a winning record of 13-8. Still without regulation courts, all twenty-one matches were away, which meant the ten of players traveled through blizzards, over mountains on country roads in the cozy little van, every weekend and some weekdays from December to mid-February. While the season had its ups and downs in terms of wins, the team's social dynamic was one of the strongest ever, maybe thanks to all the van bonding time! Between matches the members all went off to bookstores or coffee shops for a little down time. And no team could ever be better fed thanks to all the parents; dinners out, brownie sundaes and nachos became the team's staples.

The season culminated at team Nationals, the Howe Cup, at Yale where the Panthers finished sixth in the B division, and fourteenth overall. Senior Sarah Herrup and freshman Holly Haertel were then able to go on the Individual Nationals at Princeton, where Sarah made it to the quarterfinals.

Coach David Saward showed the team strong levels of commitment, guidance and support. From rail drills, star drills, and sprinting drills to complicated boast-drop-lob-cross-courts drills, practices prepared the team well for competition. At the end of the season, Lauren Smith was awared the Most Improved Player, while Ellie Toan received the Scholar-Athlete award as well as the Coach's Award. Though the entire team looks forward to the new courts next year, a piece of the team will miss our the old American, creaky floor-board, icebox like courts. The courts had character and then so did we.

With no classes being held on the Friday afternoon of Winter Carnival weekend, the Commons vie for the attention of students who find themselves with a free afternoon. The Commons Afternoon this year followed the weekend's theme with events and competitions that centered around fairytales, such as the Cook Commons "There's something about Maid Marion" obstacle course. Although there was not enough snow to hold the traditional snow sculpting competition, there were plenty of activity regardless.

Late April Protests

A group of students protested the MCAB-sponsored event entitled "The Art of Kissing," which brought a speaker to McCullough to lecture and conduct a workshop-type demonstration on the kiss. The students protested what they saw as the predominantly heterosexual and anti-feminist nature of the event. Although the protest eventally ended after the arrival of Public Safety, the discussion continued in the form of heated debate in the opinions section of the Campus for the weeks to come.

C.I.A. Recruitment

The bout of activism continued on the Middlebury campus in the week following "The Art of Kissing" incident. A group of students joined together to protest the C.I.A. during one of the agency's recruiting trips to campus. In order to illustrate their point, the students lay down on the floor of Bicentennial Hall (where the Info Session took place) and splattered themselves with red juice, meant to symbolize blood. Acting as dead bodies in this manner, the students hung signs on their bodies pointing out their grievances against the C.I.A.

Men's Lacrosse

After winning back-to-back NCAA Championships in 2000 and 2001, the men's lacrosse team entered the 2002 season ranked number one in the nation. Fortunately, this position was nothing new for the senior class, as they have a significant amount of playoff experience, which included three previous NCAA final appearances. Led by seniors and captain David Seeley, Middlebury began the season against an inexperienced New England College team. Despite the lopsided score, the team gained valuable experience to help prepare them for a tough early season schedule. The following week the men faced Springfield and hoped to avenge their only loss from the 2001 season. With the return of All-American Matt Dunn, Middlebury had a rejuvenated lineup, which helped inspire them to the emotionally important win. Entering spring break, the Panthers looked forward to a rematch against last year's finalist, Gettysburg. In the highly anticipated number one versus number two match up, the game was all that the fans had expected. Led by senior Nick Lesher on defense and Zach Herbert at attack, the men outlasted Gettysburg 10-8, with an exciting fourth quarter run. With an 8-0 record, the team entered an important weekend in Maine, against two top league opponents in Bowdoin and Colby. Unfortunately, Middlebury met an enthusiastic Bowdoin team on their alumni weekend, and could not recover from the Polar Bear's late fourth quarter outburst. With a loss in their record, the team refocused and went on to win the following regular season games to secure home advantage for the NESCAC playoffs. With the number one seed, Middlebury relied on senior midfielder Peter Albro to guide the Panthers over a young Amherst team in the semi-finals. While facing a rematch against Colby, Middlebury felt confident about their chances to repeat as NESCAC champions. Led by an inspiring goal from defender Sebastian Astrada, the team secured their second title in as many years and looked forward to the NCAA playoffs. After receiving the number one seed in the north, Middlebury faced a highly touted Whittier squad from southern California in the quarterfinals. The game lived up to everyone's expectations as Middlebury faced an uphill battle with a three goal deficit at halftime. After important goals by senior Greg Carroll and inspirational defense by Grayson Fertig, the team battled through adverse conditions to beat the highly skilled team from the west. The team ended the quest for another NCAA title successfully, beating Gettysburg College 14-9 to claim the Division III NCAA Championship for the third consecutive year. The seniors will not only be remembered for their efforts this year, but also for their impact on the program throughout the past four years. Not only did these players work to secure three championships, their contribution to the program has set a precedent that future teams can hope to exceed.

Men and Women's Track and Field

For the majority of track athletes, the indoor season acts as a springboard for the outdoor meets in April and May. Middlebury's men and women's track teams were no different. The coaches stressed time and again that, although the indoor competitions are not something to be overlooked, the focus is on preparing for the outdoor season. Middlebury frequently sported a "skeleton team" of only a handful of athletes to most indoor meets. But within that "skeleton" beat a heart comprised of resilient Panthers.

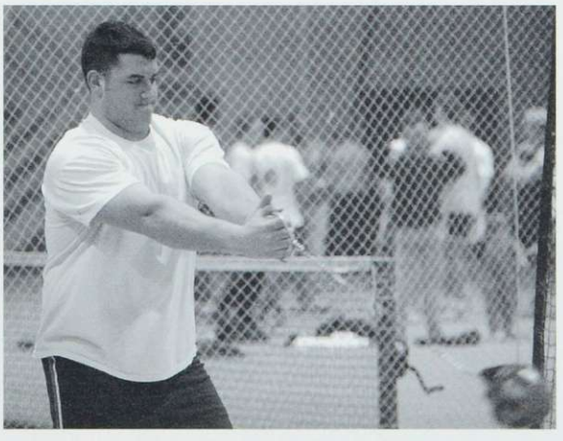
Despite no major team competitions, a few athletes in particular had the motivation and ethic to garner some top honors. Michela Adrian '03 crept up the ladder of all-time Middlebury greats in the women's 5000 meter run. Adrian became the second fastest Panther to ever don a pair of spikes and compete in the 3.1 mile race. Her time of 17:20 carried her to the national championships, where she came in fourth place and achieved all-American status.

Andrew Boyer '02 and the women's distance medley team also had spectacular indoor campaigns, but their performances were only enough to relegate them to the painful category of "just-misses." The medley, comprised of Meredith Bazirgan '02, Adrianna Logalbo '03, Maryanne Porter '04 and Adrian, missed nationals by just over a second. Boyer's efforts, although not quite strong enough for the national stage, won him all-New England honors.

Each week members of the team saw a second shaved off of a race here, or an inch or two gained there, and these improvements were hard earned. The team spent hours circling the musty track in Fletcher Field house; distance runners churned out countless miles on roads windswept with snow. They will not hesitate to tell you they had fun doing it, and if at times motivation began to wane, it never showed.

"Despite the raw, snowy weather, it always seemed like the sun was shining," remarked head Coach Martin Beatty. "The team made the indoor season a lot of fun."

Field event coaches Luke Hotte, David Kerin and distance coach Nicole Wilkerson joined Beatty's staff. Tri-captains and seniors Bryan Black, Christy Logue and Meredith Bazirgan were the teams' chief motivators. Fortunately for them, with this charged group of Panthers their job was easy.



During the outdoor season, the Panther track teams scratched and clawed for every success ney achieved. With the tempestuous ermont "spring" rearing its multiple eads, both men and women weathred an assault of injuries and cold, ormy days. A torn-hamstring here nd a bum knee there contributed reatly to both teams' slide in the New ngland Small Conference standings. he men were 6th overall at the IESCAC championships as opposed 3rd last year, while the women fell nort of their 2nd place effort last year y finishing 5th. Despite the early sses of some key personnel, the team lled on and saw many of its athletes ave breakout performances.

"We were set back by the injues of certain important individuals," rst year distance coach Nicole Vilkerson explained. "But across the oard, everyone trained and competed xtremely well."

Highlighting the men's efforts as frequent headliner and team coaptain Bryan Black '02. Black, ranked s the country's best in division III for ne men's javelin, rode that label the ntire year en route to winning the New England Division III championips and becoming a back-to-back hamp in the NESCAC finals.

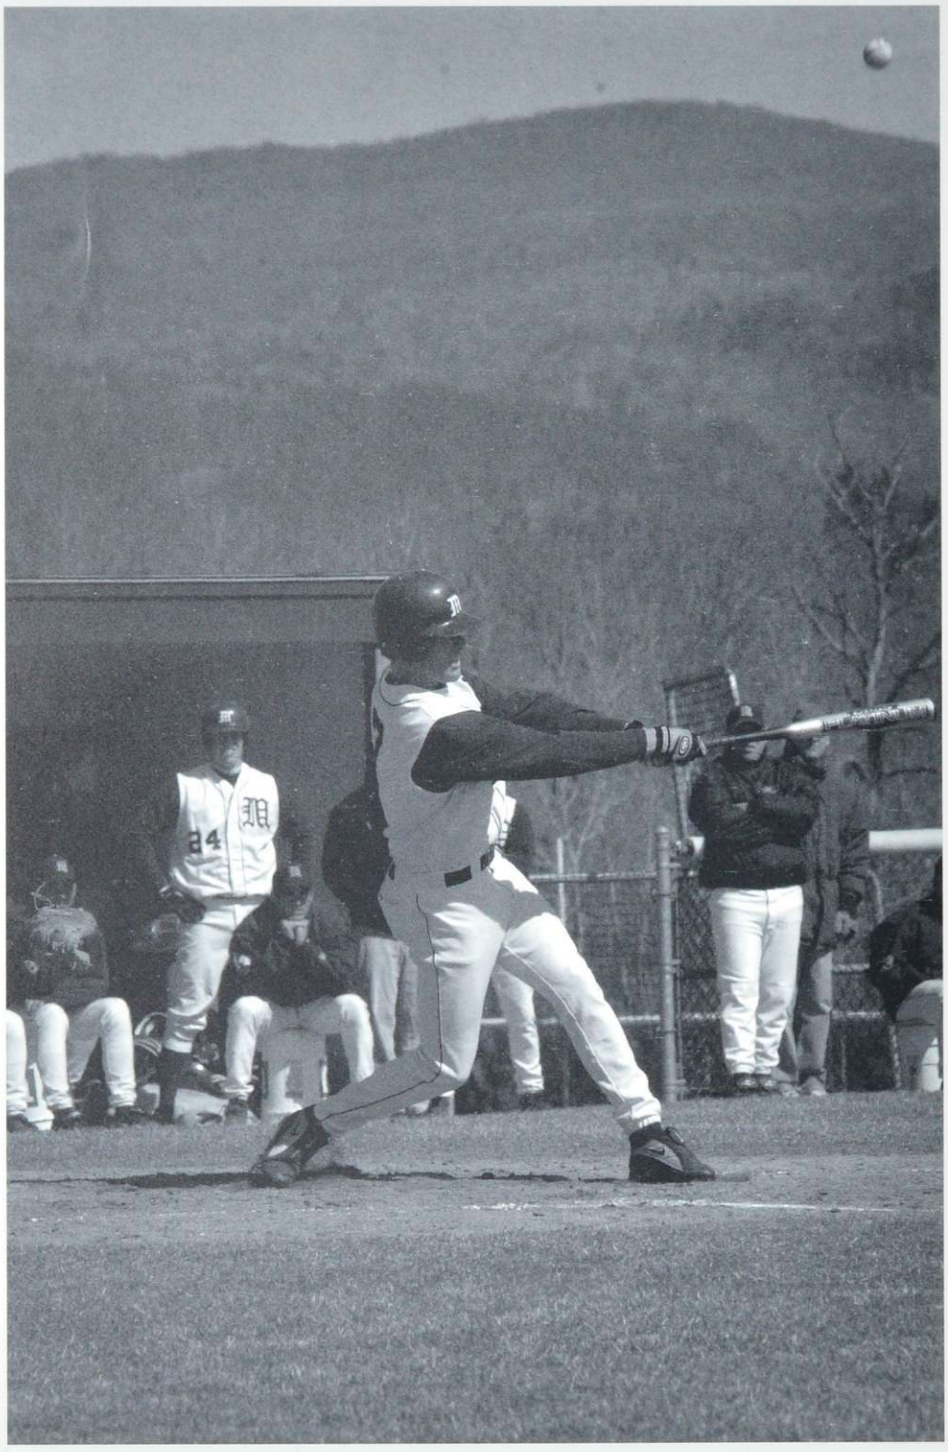
A few school records fell victm to some prowling Panthers during the spring. Heidi Rothrock '02 now holds the women's 100-meter low hurdles record with a time of 15.37 seconds. Black broke his own school record in the javelin with a toss of 218'08".

With the graduation of Black, Rothrock and their other classmates, the teams will be dealt a heavy blow after this year. This core of veterans comprised the majority of post- season qualifiers and provided a spark for the team all year.

"We will definitely miss our seniors," head coach Martin Beatty noted. "Their energy and contributions to the team were innumerable."

Fortunately, as Beatty added, there is an eager group of returnees and incoming recruits more than willing to fill the void. Headlining that group will be three-time all-American Michela Adrian '03. She missed nearly all of this year's season due to nagging injuries.

The captains and motivating force behind this year's squad were seniors Christy Logue, Meredith Bazirgan, Joe Lewis and Bryan Black. Assistant coaches Luke Hotte and Dave Kerin aided Beatty and Wilkerson with their knowledge in the field events. The team will enjoy their summer of convalescence in anticipation of a full strength return next year.

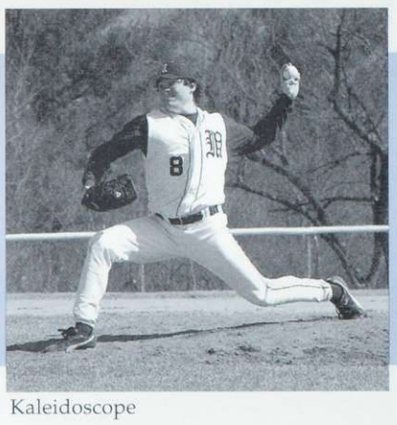


The Middlebury baseball program approached the 2002 season with high expectations as they sought to continue the success that the program has had over the past three seasons. Although the team finished the season with a mediocre record, they had many memories along the way, especially from the major wins against Williams, Amherst, and Wesleyan.

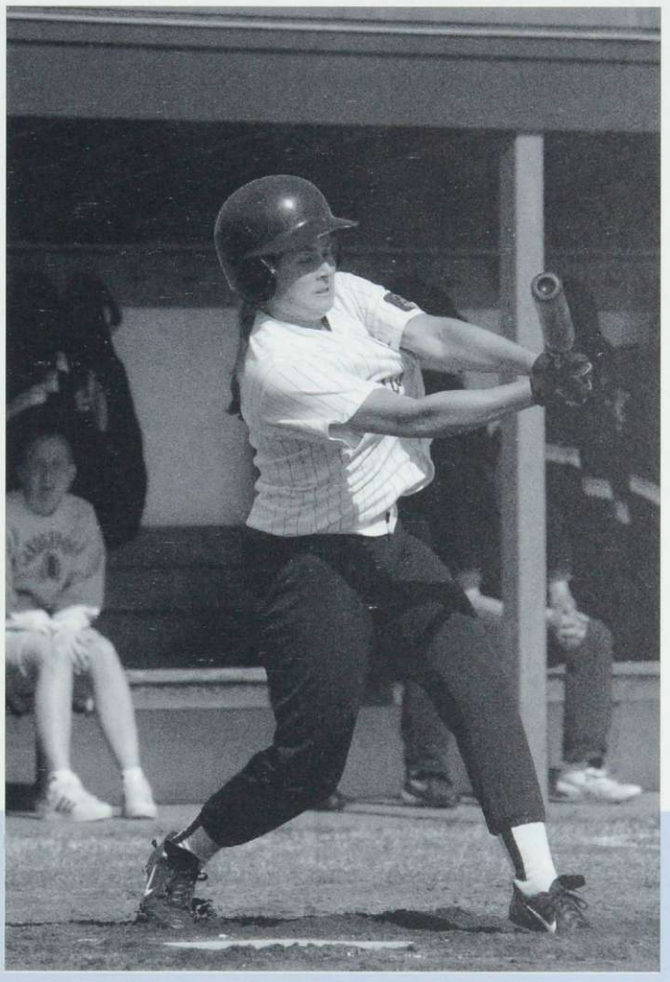
In the 2002 season, the baseball program added another assistant coach, Doug Mandigo. Mandigo, a former member of Middlebury's baseball and hockey programs returned to Middlebury after a brief coaching stint at Boston College. He added a new approach to the style of baseball played at Middlebury.

The 2002 team was captained by Brian Hamm and Jon Downs. An experienced senior class who had helped bring success to the program over the past three years, provided strong leadership both on and off the field. Defensively, the team was led by shortstop Brian Hamm, pitcher Tyler Conrad and center fielder Denver Smith. Conrad finished his career tied for the most wins in Middlebury baseball history. He also threw a no-hitter in 2002 season. Both Hamm and Conrad left their mark on the program after having four very productive and successful years. Freshman second baseman Gil Kim and pitcher Russ Budnick added to the defense up the middle, while third baseman Jake Armstrong led the team offensively. With strong players continuing on to next season, the team looks forward to a positive future.

Fall Sports Baseball



Fall Sports
Softball



The Middlebury women's softball team enjoyed its best season in its short five-year history in the 2002 season. Led by tri-captains Amanda Bohnsack '02, Alison Branch '02 and Meghan Cannella '02, the team finished with a very respectable record of 12-17, topping their combined number of wins from the previous three seasons. The three senior captains marked the first class in Middlebury history to complete four years through the softball program, and have played a significant role in laying the foundation for a stronger program for Middlebury Softball in the future.

This year's team was led offensively by the impressive power hitting of senior Amanda Bohnsack and sophomore Christina Freyer. Freyer led the team in homeruns, including the first homerun ever hit out of their own field by a Middlebury player on the last day of the season. Other strong offensive contributors include Kelly Slack '03, Michaela George '04, and first year Lauren Guza.

Defensively, the Panthers relied on the outstanding pitching performances of all three of their pitchers, Andrea Russo '03.5, Lauren Bowe '04, and Megan McCarthy '05. While McCarthy recorded the majority of the wins on the mound, Russo and Bowe were key contributors in the team's successful season. Strong defensive play was also seen from Freyer, junior Laura Legere and captain Meghan Cannella, as the team played near perfect defense all season.

The Softball team traveled to Cape Coral, Florida over spring break, where they played nine games, which constitutes one third of its season. They faced both NESCAC opponents and teams from all over the United States, giving them the opportunity to play outside, while it was still too cold and snowy in Vermont. While the team returned from Florida with only three wins under its belt, the trip proved fruitful, as the team returned to the Northeast to play NESCAC West opponent Amherst, who frequents the playoff tournament, to whom they suffered a heartbreaking loss in extra innings.

Key moments of the season include the team's first NESCAC West victories against Hamilton College and Wesleyan University. Defeating Wesleyan twice in a doubleheader marked the team's first NESCAC sweep. Although not NESCAC West opponents, Middlebury also defeated Colby College in a closely battled game and Bates College in 13 innings. The team also handed important defeats to difficult opponents Southern Maine University and St. Lawrence University.

While the Softball team was disappointed not to qualify for the postseason, the 2002 season showed much improvement and a lot of promise for seasons to come. While the team will graduate its three senior captains, they leave behind a core group of players that have all become much stronger and much better. While winning games is always the ultimate goal, the Softball team was able to find inspiration in reminding themselves of the reasons that they play softball: for the love of the game, for the desire to excel and for their teammates.

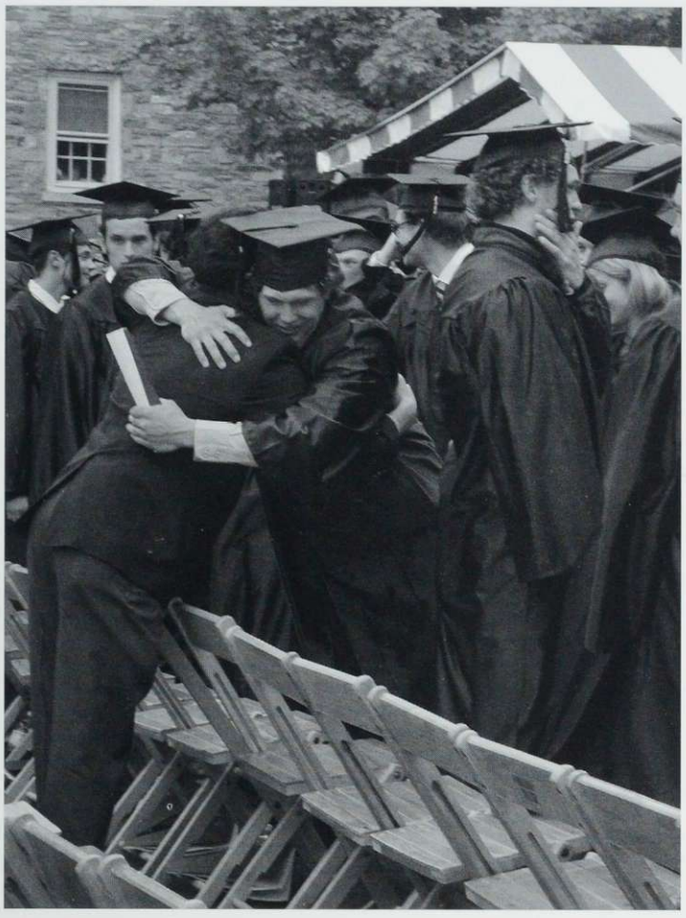
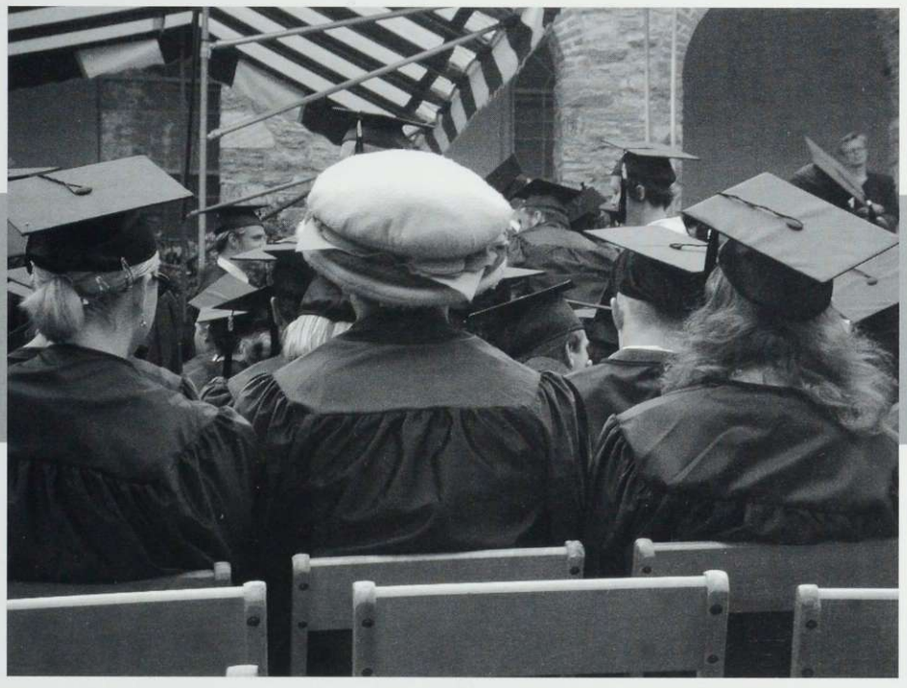
Members of the graduating class peer through a sea of caps for a view of the stage (right). A recently graduated senior (above) finds a vantage point on a cleared refreshment table amidst the rush of relatives.



A family member sneeks in for one last hug before commencement begins (left). Graduates wave their replica canes in the air to celebrate the end of the graduation ceremonies (below).



While some seniors decorated their mortarboards, others chose to replace the traditional cap altogether (above). An aspiring college grad dons his older sibling's cap on the way to the post-graduation barbeque (right).

Commencement ceremonies began with a threat of rain but were held outside despite residual drizzle for the tenth consecutive year. One graduate tempted the sun with an optomistic pair of oversized sunglasses (right). Others donned their own unconventional dress, including royal crowns and colorful stolls (bottom left). As graduation closed, seniors performed the traditional shifting of tassels (below).

Seniors Alison Branch and Megan Cannella wield their canes like softball bats out of habit (left). Tony McKinley (below) sports his newly acquired cane, a water bottle and a stoll turned bandana in the recessional line.

Commencement

May 26, 2002

With caps strewn on the ground after the ceremonial toss, graduates tap along with their replica canes to the chorus of "Gamaliel Painter's Cane" (left). Student speaker Katie Sampson adresses her class with a speech on overcoming obstacles (above).

Emi!Emi!Emi!
I remember the good old days, growin' with my closest "enemy," my idol, my best friend and teacher. I'm still looking up to you, (even though I'm lookin' down) and I've got "un monton" of respect for you and know you're gonna succeed at whatever it is you put your smarts and love into. You've got so many gifts for the world and I look forward to seeing what you do with them. I'm at your back and support you in whatever it is that makes you happy.
Mucho Amor,
Lil'Sis

Emi-what a special bond I have always felt for my very first grandchild--one who required a trip halfway around the world that I might hold you as a newborn (since you were "Made in Japan")! You have always fulfilled and surpassed any expectations I might have had--bringing joy and satisfaction to all our lives. We are with you in whatever life has in store for you--go for it!!!
Much much love,
Mima

Andrew,

Your learning went far beyond the walls of "The College on the Hill." You have gained much knowledge, been afforded many opportunities and weathered many storms. Please remember, it is people, more than anything, that have to be constantly respected, revived, redeemed and rescued. New opportunities will always be ahead of you. Follow them with passion and dedication, and the journey will be your reward. Don't take life too seriously, no one comes out of it alive. There is no need to know the future, when you're prepared for the adventure.

Love,
Mom, Dad, Jonathan

Laura Lee, There you are always looking for that next adventure! There have been many -- and we have been so proud of you every step of the way. You have brought us much joy.

LIFE IS A CELEBRATION

From Medina to Midd

Your enthusistic response to life and to the treasured experiences you have shared with your family and friends have brought us joy.

Your sunshine smile, caring heart and contagious laughter have brightened our lives.

Your accomplishments, strength and spirited determination personifying your philosophy of "Conceive it, Believe it, Achieve it" have made us proud.

Vaya con Dios, dearest Megs, as you approach the "threshold of an new dawn."

Our Congratulations and Love,
Mom, Dad, Jay, Katherine and Chris

Congratulations Kristen!

You have made us very proud.

Love,
Mom, Dad & Andrew

And now, the time is near;
And so you face your graduation.

Dear Jen, we'll say it clear,
The White House Ladies, what a sensation!

You've lived four years so full,
Disc, Patrol, so many nights at BiSci way,
And more, much more than this,
You did it your way.

Noonies, you've had a few;
There were some moments that we can't mention.
Cold days at the Bowl, you had to do
And generally won without exemption.

You planned each charted course:
Hepburn-Stewart-Storrs on the byway;
But more, much more than this,
You did it your way.

For what is J Lo, what have you done?
You hucked, laid out, in both snow and sun.

The scholar you, the athlete too;
And then a doc, when you are through!
You faced it all, for a little one: so tall,
And did it **your** way!

Love you

Congratulations Ellie!
